

## Designed for life About Caesarstone

Caesarstone has been designing and manufacturing premium surfaces for three decades and the company continues to push the boundaries of both technical performance and aesthetic quality. The current colour range has been designed, with input from some of the world's foremost colour consultants and trend analysts, to suit most interior schemes for both domestic and commercial applications.

Caesarstone's extensive range of surfaces perfectly mirrors natural materials, for example, marble, granite or limestone as well as more contemporary finishes such as concrete, but without any of the care and maintenance issues associated with them. Caesarstone surfaces are stain, scratch and heat resistant and will look beautiful for years while requiring minimal daily cleaning. All Caesarstone surfaces are warrantied for 25 years in domestic applications.

---

# 01/ Standard Range

An essential suite of colours that works across a variety of domestic or commercial applications, from the sophisticated 3100 Jet Black, through urban 2003 Concrete and earthy 4350 Mink to the newly launched 6011 Intense White. 6270 Atlantic Salt, 6041 Nordic Loft and 6141 Ocean Foam provide bolder looks inspired by aged granites and classic terrazzo.

## 02/ Premium Range

The Caesarstone Premium range comprises 13 colours that span the breadth of the brand's design expertise. Alongside perennial favourites such as 4141 Misty Carrera and 4600 Organic White come exciting new additions; 4643 Flannel Grey and the contemporary terrazzo 4601 Frozen Terra.

# The Metropolitan Collection

Caesarstone leads the industrial trend with its new Metropolitan Collection. Rough and unpolished, this bold look forms part of the revival of modernism, a rethinking of brutalism and the rekindling of industrial architecture.

Robust construction finishes have become a popular choice amongst consumers, inspired by factories and lofts and translated for residential and commercial interiors. Each energetically styled surface in the Collection has been designed to reflect the authentic textures of raw manufacturing, such as oxidized steel, poured plaster and raw concrete. Via innovative cutting-edge technology exclusive to Caesarstone, weathered patinas have been achieved in quartz for the very first time – a breakthrough that can be felt as well as seen.

## 04/ Supernatural Range

Supernatural combines the spirit of nature with the higher performance of Caesarstone. A range that mirrors the complexity, emotion, and uniqueness of natural stone while delivering superior quality and durability. The range includes four extraordinary concrete finishes, including the award winning 4033 Rugged Concrete, all of which feature unique matt surface finishes for a low maintenance way to achieve a modern industrial look.

## 05/ Ultrnatural Range

The pinnacle of Caesarstone's design capabilities, the marble inspired Ultrnatural range delivers effortless luxury for the home in products that exhibit rare subtlety and elegance. Instantly recognisable, the range is joined by 4046 Excava in 2018, a surface design that has been inspired by the intriguing patinas of casting and oxidising, combining the authentic features of rust and concrete.

# Concetto Collection

Concetto is a unique collection of handmade surfaces featuring semi-precious stones, each of which is individually cut and bound. With their unique colours and translucent surfaces, Concetto will enhance the design of any luxury interior design environment.

8330 Petrified Wood

8331 Petrified Wood Classic

- 01 Slab size: 3000mm x 1400mm (nominal)
- 02 Thickness for 8616, 8630, 8310, 8531, 8311 is 20-23mm
- 03 Thickness for all other Concetto colours is 23-26mm

Some variation in colour and pattern can occur. We always recommend viewing a full slab or product installation as part of your colour selection process.

Virtually maintenance free, Caesarstone's hard, non-porous surfaces are simple to clean and require no sealing to renew their lustre. In most cases, soap and water or a mild detergent is enough to keep your Caesarstone surfaces looking like new. If necessary, you can use a non-abrasive soft soap along with a non-scratch or delicate scrub pad. Afterwards, thoroughly rinse with clean water to remove residue. Please note that Caesarstone finishes other than polished may require increased daily maintenance due to their distinctive appearance.

## Quality and service

Caesarstone has received worldwide recognition for its commitment to quality, safety and environmental standards. Each one of our surfaces is carefully inspected to ensure that it meets the highest level of international quality standards. Our surfaces come with a 25-year UK warranty on domestic installations and are backed by professional customer service and support.
